

# Unemployment Cost & Claims Management

## ***Eliminate the Headaches of Unemployment Administration!***

### *Is Managing Unemployment Claims Giving You the Blues?*

Are unemployment issues a drain on your business, costing your company too much valuable time and money? If the answer is yes, then Paypro has the "worry-free" solution for you! As your payroll services provider, Paypro is uniquely positioned to create an efficient and effective way to manage your unemployment claims administration, resulting in reducing or containing your state unemployment costs. This is another solution for Paypro clients utilizing Millennium 3.0.

### *Paypro's Unemployment Services Include:*

#### *Claims Processing*

Paypro manages your entire unemployment claims process; reviewing employee data for accuracy and notifying you of any discrepancies.

#### *Termination Analysis*

Should you protest a claim? Paypro will work with your personnel and establish the right guidelines.

#### *Unemployment Hearing Representation*

Hearing preparation support and professional representation nationwide.

### *Voluntary Contribution Calculations*

Mergers, acquisitions, lay-offs and various changes to your organization can adversely impact your unemployment rates. Let Paypro perform an analysis and determine if a voluntary contribution makes sense for your organization.

### *Why Paypro's Unemployment Services?*

- Paypro's focus is cost reduction, not just processing claims.
- A single source for unemployment & payroll reduces your cost.
- Integration between payroll and unemployment creates efficiency.

### *For More Information On How To Reduce/ Contain Your State Unemployment Costs:*
